Patient Sleep Assessment

Date patient approached: ________

Interviewer name: ____________

Hello [insert name]:

Hello. My name is [insert name] and I would like to touch base with you again concerning your ability to sleep last night while a patient at the University of Chicago hospital.

You are being asked to take part in this study in order for us to learn more about sleep in hospitalized patients. If you agree to participate in this short interview, you will be asked to answer questions about you and your sleep habits in the hospital. This study will take about 10-minutes to complete. The information in this survey will be used anonymously for research purposes and will not be shared with anyone.

If you wish, you may decide not to answer any of the questions.
The following questions refer to your sleep last night.

1. At what time did you go to bed and turn the light off last night? __________ PM or AM
2. At what time did you arise this morning? __________ PM or AM
3. How long did you sleep? ________ hours & _______ minutes
4. How long did it take you to fall asleep? ________ hours &/or ____ minutes
5. How many awakenings did you have last night? __________
6. How many total minutes were you awake after falling asleep last night? (Don't include time in bed before falling asleep) _______ minutes

Circle one per question only:

7. How did you sleep?
   1   2   3   4   5
   Very Poorly                            Very Well
8. Did you feel refreshed after you arose this morning?
   1   2   3   4   5
   Not at all                            Completely
9. Did you sleep soundly?
   1   2   3   4   5
   Very Restless                         Very soundly
10. Did you sleep throughout the time allotted for sleep?
    1   2   3   4   5
    Woke up much                         Slept thru the night
    too Early
11. How easy was it for you to wake up?
    1   2   3   4   5
    Very Easy                            Very Difficult
12. How easy was it for you to fall asleep?
    1   2   3   4   5
    Very Easy                            Very Difficult
13. How much did you dream last night?
    1   2   3   4   5
    None                                 Much
14. How much was your sleep disturbed by noise?
    1   2   3   4   5
    Not at all                            Very much
15. How much was your sleep disturbed by stress?
    1   2   3   4   5
    Not at all                            Very much

Did you remove the Actiwatch at any time? If so when and for how long?

---

### Potential Hospital Sleep Disruptions and Noises Questionnaire

Please rate the extent to which each of the following disrupted your sleep last night. 1 is not disruptive at all, 2 is somewhat disruptive, 3 is moderately disruptive, 4 is quite a bit disruptive and 5 is extremely disruptive.

<table>

Epworth Sleepiness Scale⁴:

How likely are you to doze off or fall asleep in the following situations, in contrast to feeling just tired? This refers to your usual way of life in recent times. Even if you have not done some of these things recently try to work out how they would have affected you.

Use the following scale to choose the most appropriate number for each situation:

- 0 = no chance of dozing
- 1 = slight chance of dozing
- 2 = moderate chance of dozing
- 3 = high chance of dozing

<table>
<thead>
<tr>
<th>Situation</th>
<th>Chance Of Dozing</th>
</tr>
</thead>
